

PLATFORM PLANKS IS CHIEF TOPIC AT SAN FRANCISCO

All Democratic Leaders Have Suggestions to Make

WETS AND DRYS BUSY

SAN FRANCISCO, June 23.—A volunteer construction corps of platform builders was busy today whitening out planks which they believed would meet the needs of the Democratic national convention in expressing its views as to prohibition enforcement.

Leaders including Chairman Cummings of the national committee were in agreement that this question would monopolize the center of the convention stage until it was settled. Mr. Cummings expressed opinion it would be the only issue to reach the convention floor. Informal discussion by delegates shows several schools of thought among the anti-bone dry advocates and to how the question should be approached. They vary from the states rights stand taken by Governor Edwards of New Jersey to proposals that congress be urged to proceed directly toward modifying the one-half of one per cent alcoholic restriction of the Volstead enforcement act so as to lift the ban from beers and light wines. The most pronounced movement at the moment, however, and the one which appeared today to have taken the most definite shape was that originating in Washington and designed to offer a basis on which anti-bone dry forces could concentrate. Personal liberty will be the slogan of advocates of this compromise plank.

Mr. Cummings was emphatic today in defining the question to be solved as not a prohibition issue but merely expression of the party's attitude as to the Volstead enforcement act. There were numerous other issues on which there would be difference of opinion before the resolutions committee, he thought, including profiteering, the industrial plank touching relations between capital and labor, the Irish question and others; but no present prospect that they could not be harmonized in committee. A minority report is to be expected only on the so-called beer plank. It was agreed and that will throw the fight into the convention itself.

The Washington enforcement plank was drafted in circles in close touch with the administration. It is understood to have been drawn from the personal liberty plank and to advocate in general terms a liberalization of the Volstead act. Specific mention of wine, beer or any other beverage name was omitted.

The plank will be put forward as representing the opinion of many senators and representatives and its framers hope to be able to claim for it the backing of President Wilson himself.

Post drawn after a conference in which more than one member of the cabinet shared, it was said, and in which anti-bone dry senators took a leading part.

Avoidance of specific mention of beverages, proponents of the Washington plank argued and an appeal for an enforcement policy more in harmony with American ideas of personal liberty would serve to prevent alienation of sentiment which a more direct approach might push into the bone dry ranks.

By such a course also, he added, the party's stand could be in strict accordance with the ruling of the supreme court confirming the authority of congress to fix permissible alcoholic content under the prohibition amendment. It was questionable tonight whether any direct reference to the Volstead act would be urged on the platform framers. There are pros and cons to be threshed out in that respect. The plank to be urged by the anti-bone dries, however, is expected, whatever it may say otherwise to rap the Republican congress sharply for enactment of the enforcement measure in its present existing form. Probably it was the attitude of the national chairman did not share their views but to promote harmony will call the managers in to conference on the eve of the convention to see if a satisfactory program cannot be arranged in advance.

SENATOR JOHNSON NOT DOWNCAST OVER HIS RECENT DEFEAT

Tells California Friends He is Satisfied That People are With Him

SACRAMENTO, Calif., June 23.—Speaking publicly for the first time since the Republican convention in Chicago, U. S. Senator Johnson today told a few hundred of his home town people who greeted him at the Southern Pacific depot that he was "not downcast over the result."

Senator Johnson passed through Sacramento enroute to his home in San Francisco. Responding to the cries of "speech" he stepped to the platform of his Pullman and told the crowd how glad he was California, and particularly his home city, gave him such a tremendous vote at the primary election.

"Don't imagine I'm cast down by the result of the convention," he said. "I'm happier than ever before. I started the campaign on a shoestring and when I got thru I had the people with me, even though I could not win the majority."

"I went into the fight in one fashion and came out in the same fashion. I made no compromises, but fought to the last ditch."

"It doesn't make any difference if a few politicians sitting in the Blackstone Hotel in Chicago said 'the people be damned' for the time is coming when the people will come into their own."

"The future will be as good as assured and as full of light as ever and determined that in time to come the people shall rule instead of a few men and international bankers sitting in New York."

"Politics is behind me for the time being. I won't discuss or deal with them until I have a little enjoyment in dear old California."

WILL CLOSE PEORIA HOUSE OF CORRECTION

PEORIA, Ill., June 23.—Peoria's house of correction is to be closed July 1. The council last night directed the mayor and city clerk to enter into a contract with the county to board city prisoners at the county jail, where the workhouse, which has been doing duty for the past 40 years, goes out of business.

In the old days when "red hickies" was easy to get and Peoria flourished as the greatest distilling center in the world the house of correction, with an average of eighty-five inmates daily, was a "paying" institution, but since the day law went into effect, prisoners have been dwindling in number until the average has less than twenty a day. The brick making plant, which has been in operation for many years, was closed this season because of a lack of "help" and the broom factory has been running only part time. Joseph Brodman, superintendent, will complete 30 years service in that position, when the place closes July 1.

PROHIBITION LAW VIOLATOR ARRESTED

CHICAGO, June 23.—A warrant for the arrest of Philip J. Rosenberg, on charges of violating the prohibition laws was issued today and sent to the United States attorney at Grand Rapids, Michigan, to be served on Rosenberg, at Niles, Michigan, where he is said to own a dry goods store.

According to prohibition agents, Rosenberg reported that 670 cases and 20 barrels of whiskey had been stolen from his place in Chicago. An investigation followed which disclosed, according to the agents, that he had sold the liquor. Rosenberg was said to have valued the liquor at \$90,000.

BROTHERS INDICTED FOR PROFITEERING

NEW YORK, June 23.—Gimbel Brothers of New York, owners of a large department store here and controlled by interests which own similar establishments in other cities today were indicted on 207 counts for profiteering in clothing.

Frederick Gimbel, vice president of the corporation, Joseph J. Dowdell, merchandise manager and Charles D. Slawter, clothing buyer, were indicted on the same charges.

TAKE STEPS TO ATTRACT MEN TO GUARD SERVICE

CHICAGO, June 23.—To attract young men to the Illinois national guard service, Governor Lowden has appointed a commission to institute the spirit of clubdom into the various regiments. The city's five armories will have athletic apparatus and social features.

OWLS TERRORIZE CITY

Girard, Kan., June 23.—One man has suffered the probable loss of sight in one eye, and numerous other persons bear scratches as the result of an invasion of belligerent screech owls that have terrorized Girard and vicinity for more than a week.

DIES FROM INJURIES

Council Bluffs, Ia., June 23.—Mrs. Andrew Liddell, aged nearly 80, died yesterday from injuries suffered when she attempted to rescue her husband from being gored by a cow. Mrs. Liddell grasped the animal by the horns and was herself attacked.

CLAIMS HARDING DECLARED IN FAVOR OF IRISH FREEDOM

Letter Received by Frank P. Walsh is Made Public

DENIED BY G. O. P. NOMINEE

KANSAS CITY, June 23.—Frank P. Walsh, former chairman of the federal industrial relations commission, tonight made public what he said was a copy of a letter, Senator Harding, Republican presidential nominee wrote to him, in which he expressed a "very sympathetic feeling for the movement to bring about the independence of Ireland."

Senator Harding's letter as given out by Mr. Walsh, dated March 24, last, reads as follows:

"I have a very strong conviction myself of the very great part played by the Americans of Irish birth and ancestry in the winning of independence and the making of our own great United States. More than that I have a very great sympathetic feeling for the movement to bring about the independence of Ireland and the establishment of Irish nationality which is the nationalization of any liberty loving people."

"I must confess I did not think well of the insincere demonstration in the senate recently in handling a reservation in behalf of Ireland in the reservation of the league of nations treaty. The insincerity of it was made manifest when sixteen senators who pressed the Irish reservation refused to vote for the treaty after it was incorporated. I had the satisfaction myself of casting a favorable vote after the incorporation was made."

Mr. Walsh also made public a letter to Senator Harding asking him to "correct the erroneous impression which has been created by your attitude on the question of the independence of Ireland."

Mr. Walsh's letter to Senator Harding follows:

"I enclose to you herewith photographic copy of your letter to me dated March 24, 1920, defining your attitude on the question of the independence of Ireland. I also enclose copy of letter of date March 26, 1920, transmitting copy of your letter to Honorable George Gavan Duffy, representative of the Irish republic at Paris, France."

"With this information I hope you will be good enough to correct the erroneous impression which may have been created by the qualified denial of yours and my secretary that such a letter had been written by you which was given wide publicity by The Associated Press."

LEN SMALL CANDIDATE FOR GOVERNOR

KANKAKEE, Ill., June 23.—Len Small of Kankakee, former state treasurer, formally announced tonight that he was a candidate for the Republican nomination for governor of Illinois.

In a statement, Mr. Small declared he was in favor of the minority report embodying the principles of the Thompson faction of the party which was rejected at the Republican state convention in Springfield last month.

Mr. Small's platform also favored development of a state hard roads system, co-operative selling and buying, and the repeal of the act creating the state public utilities commission with enactment in its stead of a law giving Illinois cities control over their public utilities.

NAME CHILDREN AFTER SEN. HARDING

MARION, O., June 23.—In the past several years six Marion children have been named after Warren G. Harding, the Republican presidential nominee. At Christmas time Senator Harding has always remembered each namesake with \$5.00 in presents.

MERGE CHURCH BOARDS

St. Louis, Mo., June 23.—Organization of the United Christian Missionary Society, a merger of the various boards of the Christian church was perfected at a meeting of the executive committee here today.

REDDING FIRED FIRST SHOT

Chicago, June 23.—Chicago police said tonight they had been given a statement that Grover C. Redding, held in connection with Sunday night's riot, was one of the men who opened the firing. They announced that Edward Rush, a negro, in whose home Redding was arrested, gave them the statement.

WILSON DEMANDS EARLY DECISION BY RAIL LABOR BOARD

Union Chief Blames Board for Present Situation

MESSAGE NOT MADE PUBLIC

WASHINGTON, June 23.—The railroad labor board at Chicago has been urged by President Wilson to expedite its wage decision. The text of the message was not made public, but it was said to be of a "forceful character."

Soon after announcement of the president's action, W. N. Doak, vice-president of the Brotherhood of Railroad Trainmen, issued a warning that unless there was a settlement of the controversy this week the situation would be much worse than at present.

The railroad labor board, he said, is wholly responsible for the present bad situation. He added that the brotherhood chiefs desire the public to know that this much-heralded and advertised method of adjusting questions of this character, according to indications, is a hopeless failure."

Secretary Wilson of the department of labor, declared in a formal statement that while the labor board faced a big task, it could "render no better public service than by coming to a speedier determination of the questions at issue."

The secretary said the workers had been "extremely patient under manifold difficulties."

Mr. Doak, in his statement, said the railroad labor organizations had done everything reasonable to keep transportation moving and were considering means to assist in preventing workmen from leaving the service.

Condensed Telegraphic News (By The Associated Press)

DOORN, Holland, June 23.—The condition of the former German empress was so improved today that her eldest son, former Crown Prince Frederick William, will probably return to Nierlingen. The former empress suffered a severe heart attack on Monday, which alarmed physicians. She rallied, but is yet far from strong and is now in a condition of inactive invalidism.

CALGARY, Alberta, June 23.—Samuel Gompers, president of the American Federation of Labor passed thru here today on his way to San Francisco, where he will present to the Democratic national convention the federation's views to be inserted in the Democratic platform.

SPRINGFIELD, Ill., June 23.—Increased street car fares for Cairo, Jacksonville and Ottawa were re-suspended by the state public utilities commission today, until December 29th.

WILSON'S MESSAGE TO ROBERTS
Washington, June 23.—President Wilson tonight sent a telegram to Governor Roberts of Tennessee urging that a special session of the Tennessee legislature be called to act on the federal suffrage amendment.

The president, in his telegram, said:

"It would be a real service to the nation and to the nation if it is possible for you under provision of your state constitution, to call a special session of the legislature to consider the suffrage amendment. Allow me to urge this very earnestly."

The state constitution of Tennessee has a provision prohibiting action by the legislature on a federal constitutional amendment except when the legislature is in session.

Some legal authorities have been quoted as holding that such a provision was invalidated by the supreme court's recent decision in the Ohio referendum case.

GEN. GOETHALS AND HOOVER HONORED

HANOVER, N. H., June 23.—Dartmouth college at its 157th commencement exercises today conferred the honorary degree of Doctor of Laws upon Major General George W. Goethals and Herbert Hoover.

General Goethals was characterized as the "instigator, accelerator and accomplice of the greatest supply program the country has ever known," in his contribution to "one of the greatest crises of the war," and Mr. Hoover as "the eloquent spokesman of a great nation's better self, and a great to stricter peoples of its practical idealism."

WILL RUN FOR GOVERNOR ON HOME RULE PLATFORM

Springfield, Ill., June 23.—Debate of the downstate home rule proposal in the constitutional convention today was accompanied by the announcement by one of its most ardent advocates, Oscar E. Carlstrom, Republican of Alton, is the new candidate for governor.

He is the main plank in his platform, which included in his signed statement of candidacy.

REDDING FIRED FIRST SHOT
Chicago, June 23.—Chicago police said tonight they had been given a statement that Grover C. Redding, held in connection with Sunday night's riot, was one of the men who opened the firing. They announced that Edward Rush, a negro, in whose home Redding was arrested, gave them the statement.

CHICAGO, June 23.—A decrease in prices of silk and woolen goods in the next few months was predicted today by R. A. Schoenfeld of Peoria, treasurer of the Illinois Retail Drygoods Association at the opening of a two days' meeting of the organization.

CHICAGO, June 23.—Adoption of a plank in the Democratic platform providing for immediate improvement of the Mississippi river and its important tributaries was urged by the Illinois Manufacturers' association in a telegram sent today to Homer Cummings, chairman of the Democratic national committee.

LOS ANGELES, Cal., June 23.—Tammany delegates to the Democratic national convention at San Francisco here today declared themselves in favor of the manufacture of light wines and been pleased at the defeat of Congressman A. J. Volstead for nomination from the seventh congressional district of Minnesota.

LONDON, June 23.—The strike of wireless operators which threatened to bring shipping activities to a virtual halt has been called off. This action was taken as a consequence of meetings of the association of wireless telegraphists here today at London, Liverpool and other ports. The wireless leaders declared they have secured guarantees of fair treatment.

CEDAR RAPIDS, Iowa, June 23.—County attorneys of Iowa met in annual convention here today and listened to many speeches including one by James H. Trevelin of Cedar Rapids, chairman of the code committee who detailed changes made in the new Iowa code.

STATE MUST RETURN HALF MILLION IN INSURANCE TAXES

Result of Decision of Judge Jones in Case of New York Company

SPRINGFIELD, Ill., June 23.—Insurance companies organized in New York are due approximately \$500,000 from the State of Illinois, as a result of the action of Circuit Judge Norman L. Jones here today, in overruling a demurrer to the complainant's bill in the case of Metropolitan Life Insurance company against W. H. Boys, director of the state department of trade and commerce.

The amount involved in this particular action is \$60,000 but amounts of taxes paid by other insurance companies, being the total of near half a million. This suit was brought to compel the state director to allow credits against reciprocal tax due from the Metropolitan company of amounts heretofore paid under laws of New York which have been held unconstitutional.

Attorneys in the case, declare the judge's ruling to be a sweeping one, under it the director of trade and commerce, in making up statements of taxes due from New York companies under reciprocal laws must allow credits of amounts paid but not legally due, since the laws have been held unconstitutional and of amounts overpaid by mistake and not due in accordance with New York laws.

BRYAN WILL NOT HEAD THIRD PARTY

GREAT FALLS, Mont., June 23.—William Jennings Bryan will not be a candidate of a third party for the presidency, he declared here today, concerning a despatch last night from Lincoln, Neb., telling of his endorsement by Nebraska members of the committee of 48.

He said he had prepared a plank endorsing prohibition laws and pledging their enforcement, and another providing for jail sentences for profiteers.

Mr. Bryan left today for San Francisco.

SEN. GLASS ARRIVES AT SAN FRANCISCO

SAN FRANCISCO, Cal., June 23.—Senator Glass of Virginia, the choice of administration leaders for chairman of the Democratic convention's resolutions committee, arrived tonight and began a series of conferences regarding the platform.

He declined to make any statement about his platform planks over which there may be a contest, or to give any indication whether he brought any new message from the White House. By many of those here he is regarded as having been commissioned as the president's spokesman.

RADICALS RELEASED

Boston, June 23.—Fourteen persons, awaiting deportation as alien radicals, were ordered released by Judge George A. Anderson in the federal court today. The court, in announcing this finding in habeas corpus proceedings, brought in behalf of the radicals, held that the common law duty, of which all are members, is not a "party of force."

NEW YORK CITY GRAND JURY INDICTS TAMMANY LEADER

Charles F. Murphy Charged With Conspiracy to Defraud the Government

NEW YORK, June 23.—Indictment of Charles F. Murphy, leader of Tammany Hall, and five others on charges of conspiracy to defraud the United States by falsifying income tax returns and attempted intimidation of Louis N. Hartog, a wealthy manufacturer, thru criminal prosecution, was announced today. The indictments were returned secretly by the extraordinary grand jury yesterday. Murphy is now on his way to the Democratic national convention. Others indicted were Assistant District Attorney James E. Smith, one of the central figures in "the vice war," between the district attorney's office and the police department; John A. McCarthy, former business partner of John Murphy, brother of the Tammany leader; Arthur J. Baldwin, a lawyer; Ernest B. Walden, vice-president of the Corn Products company, and the Corn Products company itself. Bail for each defendant was fixed at \$1,000.

Murphy is charged, among other things, with trying to intimidate Hartog into settling a \$10,000,000 damage suit brought against the latter by alleged to have withdrawn promised financial support in a glucose product firm in which Hartog was interested. The indictment alleges Murphy threatened to accuse Hartog of arson or to expose to his wife his alleged relations with another woman, send him to jail for offenses he did not commit and ruin his business.

Interposed with his work however will be conferences with party leaders. Today he participated in several informal discussions as to campaign plans. No date has been set for the first meeting of the executive committee of 21 chosen yesterday. One member remains to be appointed and until then no action toward calling the committee together will be taken.

The senator today received a letter from a man in Rochester, Pa., containing a check for one dollar. The letter said:

"It is not my intention to owe a president of the United States anything except admiration and good will, therefore I enclose my check for \$1. Some years ago in your private office at 201 Madison street I was charged with money matters. It helped at a time when work was scarce and money scarce."

PHILADELPHIA STILL
THIRD LARGEST CITY

WASHINGTON, June 23.—Philadelphia's population was announced tonight, at 1,823,158 showing that the country's third most populous city had maintained during the last ten years the steady rate of growth it has had since the first federal census of 1790. The numerical increase for the ten years was 274,150, the second largest increase of any decade in the city's history.

Rochester, N. Y., the 25th largest city ten years ago, had an increase larger both numerically and relatively than ten years ago.

Rochester's increase ranks it above Louisville, and between Jersey City and Portland, Ore.

DICKSON ANNOUNCES GUARD APPOINTMENTS

SPRINGFIELD, Ill., June 23.—Adjutant General Frank S. Dickson today appointed Col. Joseph B. Sanborn of Chicago to be major general of infantry, Illinois National Guard. Colonel Sanborn served in France as commander of the 121st infantry, formerly the First Infantry, I. N. G.

Colonel Milton J. Foreman was promoted to be brigadier general of artillery and Col. Abel Davis of the second infantry, was named brigadier general of infantry. Captain Frank R. Schwengel was named colonel of artillery. They are all of Chicago.

CHICAGO GRAND OPERA ITINERARY GIVEN

New York, June 23.—The Chicago Opera company, it was announced today, will open its itinerary for the season with a preliminary tour in the Mississippi Valley beginning October 18, and will conclude with a six weeks engagement in New York City, ending March 5. The company will appear in Chicago from November 19 to January 22.

NEW YORK, June 23.—Five Sinn Feiners were killed by machine gun fire employed to cover the removal of several protestants from Barrack street tonight, according to a military statement. There is a lull now (10:30 p. m.) in the fighting.

LONDON, June 23.—(By The Associated Press.)—The outside world has little idea of the reign of terror Londonderry has been experiencing since Friday last. The casualty figures are alarming enough, but they picture only the shadow of the grim reality. Some of the 40,000 inhabitants have been safe since the rioting began.

The city is virtually controlled by extremists of the Unionists and Nationalists who probably number five hundred. They fire volleys down the streets without warning and apparently without reason and the citizens are thus put in state of continuous panic, sallying forth only when the procurement of food becomes absolutely necessary. Many shopkeepers have suspended business and have taken refuge on the top floors of their premises.

The military so far has confined its efforts to keeping the two sides apart, but with great success. The city is challenged for crests and is searched for arms and ammunition. The real test for a visitor, however, comes when he is held up by either the Sinn Feiners or the Unionists. With hands in the air staring into the muzzle of a revolver he is thoroughly searched. Each morning the engaged soldiers are thus before the city is threatened by groups of armed men go from one place to another, either on the offensive or defensive. How many persons have been killed is not known.

After the first day or two, it became impossible to figure on the victims, as the dead are removed and many of the injured are treated by their comrades and carried away.

A proclamation was issued by the magistrates tonight warning all citizens to keep indoors. The constabulary and military it announces have received instructions to take prompt measures and, if necessary, to use force to all assemblies.

Trenches have been dug in some of the streets within the battle zone. A special train carrying two companies of soldiers arrived at the Great Northern railway station tonight. The county inspector announced that a detachment of soldiers was leaving Belfast for Londonderry.

Tonight fighting broke out in the city street and there was vigorous sniping from the hill overlooking the city. A detachment of soldiers moved to the spot and soon the firing ceased.

No bread was delivered this week. Hotels and homes are running short of supplies. No gas is being produced and when the present supply is exhausted the city will be without lights.

AN ERROR AND AN APOLOGY

Dr. Nicholas Murray Butler is a big man, after all. He is out with an object apologetic to Colonel Proctor, manager of General Wood's campaign. Dr. Butler admits that in the stress following the Republican national convention that he made the statement about the Wood campaign being financed by moneyed interests and that his language was not warranted by the facts. It takes a broad man to make a public acknowledgment of error.

THE DEMOCRATIC PURPOSE

The chief aim of the Democrats at San Francisco will be to try to divert the campaign into new channels, to turn public attention away from the administration's record of waste, laxity, inefficiency, and non-fulfillment of public duty. Any sort of discussion that will tend to get the

public to forget the shortcomings and delinquencies of the Wilson regime will be welcome to the Democrats.

A SUBJECT WITH MUCH PROMISE

A New York City church bulletin makes the following announcement: "Next Sunday's sermon, by the pastor, 'Yesterday is Dead, Forget It; Tomorrow Doesn't Exist; Don't Worry.'" The title borders on the sensational but the pastor may have a message which will have a calming and satisfying effect on busy men and women, distracted by the strain of life in the great city.

THE NATIONAL GUARD IS NEEDED

A commission has been appointed by Governor Lowden to rehabilitate the national guard of the state. The purpose is to make the service more attractive to young men. The effort indeed is worth while, for the state needs national guard organization and the very existence of the state troops helps in the maintenance of law and order. The times are somewhat tempestuous, and so the greater the need for the national guard organization.

THE TRIBUNE IS DISPLEASED

The Chicago Tribune is very much disgusted with the constitutional convention because a majority of the delegates there have taken a strong stand on the limitation of Chicago's representation in the state legislature. Because the convention delegates have failed to do just what

the Tribune urges, "the world's greatest newspaper," condemns all the work done. The action is quite in line with the Tribune policy.

Y. M. C. A. SUCCESS

The Alton Y. M. C. A. has just succeeded in a money drive which puts the association in good condition there for another year. In Decatur the Y. M. C. A. is really the center of most of the activities of the business men, and on one day recently \$10,000 was subscribed for the support of the organization.

Perhaps a similar spirit and enthusiasm will be shown by the people of Jacksonville when the association enters upon a period of enlargement of its work here and betterment of its facilities.

THE PUBLIC SCHOOLS GREAT STRENGTH

A well known public school man said recently that the present proper idea of public education is to see that the hours of children are properly employed all thru the day. Once the accepted function of the school was to provide a few hours of study each day. Now the plan especially developed by the Gary system, looks out for the work, study and play of each day.

This situation has come about because educators now realize that the results of the school and study hours of the child's life largely depend upon how the other hours of the day are spent.

When you think about it, it is possible, with the right functioning of public school systems to overcome very many of the present evils of society.

Rippling Rhymes By Walt Mason

SOLVENCY.
Take this advice: Don't go in debt! Your solvency's your one best bet. Far better drive a henry car, that breaks a shat at every bar, than back when you would have it pull, and know it's yours, paid for in full, than journey in a fine sedan that's bought on the installment plan. Far better wear a suit of duck on which you've paid the final buck, than go around in brave array while tailors clamor for their pay. Far better in a cabin dwell, in some remote, secluded dell, than occupy a golden hall where bailiffs with their warrants call. There's naught contributes, you will find, more strongly to your peace of mind, than being in a place to say, "No man can dun me for his pay; I owe no kopecks, far or near, my bills are paid, my record clear." I've tried both plans, and so I know; all kinds of bills I

used to owe, and lawyers chased me through the town, and stern collectors run me down. And life was then a sad affair, of walking floors and tearing hair. But now I pay for bed and board, and buy no junk I can't afford, and life is like a pleasant dream, or like a shortcake soaked in cream.

WHITE HALL I. O. O. F. ENJOYED BANQUET

John H. Sikes, Grand Secretary, Was Principal Speaker—Told Members Something of History of White Hall, Organization.

White Hall, June 22. —The presence of John H. Sikes of Springfield, grand secretary of the Illinois grand lodge of Odd Fellows, was the occasion of a notable gathering of the membership of Benevolent lodge Monday night in celebration of the conclusion of the membership drive that has been in progress since last fall, resulting in sixteen additions to the subordinate lodge and a larger number to the encampment branch, much larger, and the Rebekahs came in for a good slice of the increase in membership.

A banquet was provided by the Rebekahs, and L. C. Vinyard was toastmaster, presenting the grand secretary in a manner becoming and old head toastmaster. Mr. Sikes brought about the original application for a charter for the local Benevolent lodge, signed by D. C. Banta and four others, dated March 15, 1857, and this document was also accompanied by the cards of the charter members, or, rather, the applicants for the charter. Mr. Sikes spoke on the state of the order and its influence. He gave considerable attention to the two Illinois institutions, the orphans' home at Lincoln and the old folks' home at Mattoon, making a general appeal to the membership to stand by these institutions. Mr. Sikes was almost at a loss to picture the glorious history of sixty-six years since Benevolent lodge was organized at White Hall. He said that he had visited the university little room where Thomas Wilkey founded Odd Fellowship in America, and stated that the founder came to Illinois and founded the first lodge at Alton. Jacksonville and Springfield rank almost with Alton in the age of their respective lodges.

The grand secretary was the guest of L. E. Culbertson, and he spoke very highly of the condition he finds Odd Fellowship in White Hall and the genuineness and cordiality of the reception tendered him in every way.

MR. TAYLOR TELLS ABOUT PHONE DELAYS

The delays which the public is experiencing in securing telephones and having instruments moved from one location to another are not caused by the fault or inefficiency of the local organization but because of a national industrial situation. This statement was made yesterday by A. L. Taylor, manager of the Central Union Telephone Company.

Mr. Taylor, in commenting on the telephone company's efforts to serve the public without delay, makes the following statement: "During the war the Central Union Telephone Company was under government control and during that time restrictions and limitations were placed on all orders providing additional service. The manufacturers of telephone supplies are endeavoring to fill orders that were taken during the war."

Besides being flooded with orders for telephone instruments and equipment, the present freight car shortage is greatly retarding the movement of supplies to points where they are needed. This situation is aggravated because of the present lack of raw material, together with the inability of telephone equipment manufacturers to secure skilled workmen to bring up their production to meet the present day demands.

Practically every industry in the United States is confronted with a situation similar to this but it is perhaps not so noticeable to the public as the unavoidable delays in placing orders for the installation of telephones and to the present telephone users desiring their instruments moved.

This situation is temporary but while it exists there will be delays. The remedy is seen of far distant when the railroad transportation shortage is relieved and the production of telephone supplies is adequate to meet the demands."

S. W. BABB AWARDS GARAGE CONTRACT

S. W. Babb yesterday awarded to S. G. Chumley the contract for the building of the Dodge garage and service station on South Main street. Mr. Chumley plans to begin work on the job just as soon as the materials can be assembled.

As already mentioned, Mr. Babb has planned for a modern garage building on the South Main street lot which he recently purchased from the Joseph Hehl estate.

NAME WAS OMITTED.
Attention has been called to the fact that Miss Ellen McCurley's name was omitted from the program of the program "The City Beautiful" which closed the State Sunday school convention. Miss McCurley was the pianist and she should receive credit for her part in the pageant.

OLD JACKSONVILLE

SOME J. F. A. HISTORY
By Ensley Moore
(Member Illinois State Historical Society)

The Jacksonville Female Academy takes rank in the history of this town and county only second to Illinois College.

Interest in the Academy as of the College is not confined to this community, however, but its good work and name is known throughout our land if not into the "wide, wide world."

As previously noted in these sketches, the pupils of the Academy, in 1885-86, ran a little publication intended as monthly, called

The Academy Review
Some extracts from this periodical have already been used in the "O. J." articles. In the issue of April 1, 1885, was the following, in the editorial columns:

"We have before us a copy of the first number of the Gleaner, a paper published by the young ladies of the Academy thirty-six years ago. It is under the auspices of a literary and secret society, known by the mystic symbols of 'U. D.' We are assured by some of the members that these initials stood for a truly classic name and not for 'Unmarried Damsels' or 'Ugly Ducklings,' as the uninitiated were wont to interpret them. The prospectus sets forth the objects of the paper in the following words: 'We do not expect to vie with the literary, scientific and religious publications of the day which are edited and sustained by the noblest talent, the strongest minds of the age. If these great ones engage in such an enterprise under the conviction that it is useful, not only to themselves but others, surely our attempt to benefit each other need excite no surprise.' As if anticipating the advanced ideas of a later period in regard to the sphere of woman, it continues:

"Knowing the diversity of opinion among the members of our society upon this subject, and fearing lest some become unduly excited, we wish to have it clearly understood that this is not a political paper. It has not been started to forward the interest of any political party, and it is to be hoped that those who contribute to its pages will confine their attention to literature and science."

Among those engaged in its publication were, Mrs. Harriet Holmes Strawn, '47; Mrs. Louisa Broadwell Sweeting, '48; Mrs. Sarah Catlin Dayton, '49; Mrs. Cornelia Nettleton Epler, '49;

WORK AT NICHOLS PARK
The grading in the southwest part is practically finished and adds much to the looks of the place and will be of much benefit also to the golf course.

At last the water went down low enough to permit the workmen to move the barn, and it now reposes where it is likely to stay till it goes the way of all the earth. It is among the trees, practically out of sight from the rest of the park, and is situated just northeast of the deer shed. The latter will be moved to it and make a shelter for park property.

An old tree and a lot of logs and stuff, revealed by the lowering of the water, are to be removed by the contractor and burned. The valve house will be taken away and an old upright boiler on the site, both of which are in no wise ornamental.

Probably next winter it will be practicable to lower the water in the lake so as to get at the bad leak near the valve house and repair it.

The east side exit is now in good condition and all autos and vehicles drivers are urged to use it.

Jack Clark and Edward Rexroat were among the representatives of Arcadia in the city yesterday.

Alienating affections was her mission in life! Not that she wanted their old affections! Gracious no! She just wanted to save the poor deluded things from the horrible slavery of marriage. She was really a remarkably charming girl in almost every way. But she must have had a little quirk in her brain, for she just hated men—not any particular man, but ALL MEN.

Betsey Keep-In-Doors.

Another editorial in the Review began as follows: "The young ladies' seminary at Kalamazoo, Michigan, an institution over which Miss Martha H. Sprague presides as principal, has recently received a gift of \$40,000. This is one of the rare instances of generosity toward an institution for the higher education of young women." Among other contributors to the April Review were "85," Lucy Catlin, K. A. H., '82; Stella Wallihan, '86; Leonora Baker, '86, and Emily Leone Barlow, '86.

Under "Woman's Work," the Review said: "Miss Clara Barton has taken out a permit for the erection of the Red Cross in Washington."

Under "Personals," the Review had: "Miss Anna Farrell has resumed her studies after an absence of several weeks, spent in New Orleans."

The following item from the Madras Mail concerns Mrs. Elizabeth Lindsley Conklin, a former teacher in the Academy and one affectionately remembered by pupils and friends: Birth, at Rayahuram on the 6th of February, the wife of Rev. J. W. Conklin, American Arcot Mission Chittoor, of a daughter.

After a long absence, Mrs. Dr. L. M. Glover has returned to her home in this city, to remain permanently, we understand. Mrs. Glover has spent the past few years with her children, located in different parts of the West. Wherever she has made a temporary home during this time, every good cause has been quickened by her zeal, her counsel and her prayers. This good lady will receive a cordial greeting on again making her home and taking up her work in our midst."

Mrs. Glover was the "O. J." man's first Sunday school teacher in Jacksonville, and a kind one.

RETURN FROM DECATUR.
Reverend and Mrs. James O. Kirkpatrick have returned from Decatur where they attended a double wedding. The contracting parties were Henry Dwight Spencer and Miss Emily Caroline Montgomery and E. R. Kirkpatrick, nephew of James O. Kirkpatrick of this city and Miss Verma Beatrice Montgomery.

The wedding was at noon after which a sumptuous dinner was served to a large number of relatives and friends of the contracting parties.

The dinner was served at the home of the brides, 942 Lincoln avenue, Decatur. The house was beautifully decorated in white and green.

Both couples left for a short visit in Chicago after which Mr. and Mrs. Spencer will journey to New York and other eastern states after which they will be at home in Decatur. Mr. and Mrs. Kirkpatrick will journey to Yellowstone park and then to Portland, Oregon, where they will make their home.

WILL MEET TODAY.

The Hospital Aid society will meet at Passavant hospital this afternoon at 2.30. All members are urged to be present.

"THE TURNING POINT"

From the Novel By
ROBERT W. CHAMBERS

More gorgeous and enchanting than ever in role of regal beauty. Screen adaptation of great novelist's most gripping tale gives Miss MacDonald role similar to own life history—with all dramatic power which has made Chambers famous. "The Turning Point" is throbbing story of struggle made by a financially ruined society beauty to gain a living for herself and her sister and avert moral ruin threatened by an old roue who desires her for her unusual charm and attractions—Diana Tennant wins against all these odds and the great American Beauty enhances the writer's famous novel.

GRAND THEATRE

HAWAIIANS

Steel Guitar Players

Many people have heard of the Steel Guitar Players on their Victrolas and been gloriously entertained at one time or another in the fashionable grills or hotels of this country, or some have had the pleasure of a trip to the islands and many perhaps have never heard this weird but beautiful Hawaiian music. To those who do not know, it may have set them wondering how such beautiful tones can be had out of the guitar, and still wonder why it is called "Steel Playing." It is very simple when explained how it is played but not so easy to play, as it requires many years to become an expert at the art. In playing the steel guitar it is simple. They use a piece of steel about four inches long to touch the frets instead of the fingers. Kuloia, who is the steel guitar soloist with the Kuloia Hawaiians, is considered the foremost from the island, and it is only a common thing for this wonderful musician to receive from four to five encores at each performance. Kuloia is only one of the stars which come to the Grand Opera House

PLATFORM PLANK IS CHIEF TOPIC AT SAN FRANCISCO

Continued from Page 11

As the convention's work as much as possible. Steps to limit nominating or at least seconding speeches are under consideration.

There were intimations that Mr. Cummings expected the report on platform to be deferred until after the balloting on nominees. This would permit the convention to proceed with nominations while the wrangle over platform issues was in progress.

It has been done before in Democratic conventions and is desirable in the opinion of some because of the question of time saving.

It was insisted no thought of fitting issues to candidates or vice versa was in mind, nor any view that nominees were more important than platform expressions.

Headquarters of various candidates seized the opportunity to express views on the question tonight. Senator Owen of Oklahoma issued a statement opposing any plan to name the standard bearer before the platform had been adopted.

At headquarters for Attorney General was said his forces were indifferent as to the course to be followed.

QUESTIONING POSTPONED.

Detroit, Mich., June 23.—Questioning of Frank H. Dohany, a prominent attorney and bank director, held on a charge of murder in connection with the death of August Dwyer of Middlesboro, Ky., was postponed late today until tomorrow upon Dohany's plea that he was "too weak and drowsy to talk."

DR. C. W. EAST HELD CLINIC WEDNESDAY

Physician From State Board of Health Examines Crippled Children—Work is Done Free of Charge.

Dr. C. W. East, of the State Board of Public Welfare, held an all day clinic in the Red Cross rooms at the public library yesterday. There was a corps of nurses present to assist him and examinations of twenty cases were completed. These were cases of crippled children. The doctor frequently holds these clinics in Jacksonville and parents who have children who are deformed or crippled are urged to bring them in for examination and consultation. This work is done by the Board of Public Welfare and no charges are made.

Yesterday the doctor stated that any people seemed to think that after diseases such as infantile paralysis the correct thing is to exercise the muscles affected, whereas, what is needed is rest and proper nourishment in order that nature may build up the body evenly and leave no deformity. stated further that exercise in these cases was overwork retards natural development.

The doctor says that much of the deformity would be done away with if the children received proper treatment before their bones became hardened, and urged parents to bring their children for treatment.

With the Sick

Elizabeth, the little daughter of Mr. and Mrs. Owen Graft, underwent an operation at Our Savior's hospital Tuesday evening. The little girl was yesterday reported to be in a satisfactory condition.

WHITE HALL STRIKE MAY BE NEAR THE END

Company Confers With Strike Committee—C. & A. Engineer Resigns After Long Service—Green Funeral Held.

White Hall, June 23.—The first move toward adjusting the strike of employees of the White Hall Sewer Pipe & Stoneware Co., was made this morning by a call being made by the company to the committee representing the strikers to confer during the day, and it is believed that the end of the strike is now near. The duration of the shutdown is now entering the second week, and the fact that the walkout was engineered primarily by the man who had added the murder blot to the name of the community last Sunday has

taken the pep out of the strikers, who from the first felt only resentment toward the man who murdered one of the good friends of the laboring men. The murder was committed by a comparative stranger to White Hall, who has been here but a few months, and the records of City Marshal Conlee shows that three other murders have been committed during his incumbency since 1910, all by non-citizens. The situation has made our people leary of ascribing any sort of leadership to strangers.

E. R. Beldler, superintendent of the drain tile works has resigned to go to Lansing, Mich., and take charge of a new plant that is to be put in operation by the Briggs company of that city. The new position carries larger responsibilities than the local auxiliary of the White Hall Sewer Pipe & Stoneware Co., and the salary is proportionate. He also

shares in any profits of the concern in addition to his salary of \$4,000 per year.

Long Years of Service.

Rounding out forty years of service as an engineer on the Chicago & Alton railroad at Roodhouse, William P. Strunk has resigned from active service, although his name will continue to be carried on the roster of engineers. This decision is revealed in letters from W. G. Bierd, president, and A. P. Titus, general manager, both of whom have written very cordial communications to the veteran engineer, inviting him to meet them at any time it is convenient for Mr. Strunk to do so.

In a note to the writer concerning some soldier matters, Mr. Strunk remarked: "I will now surprise you by letting you know that I have resigned my position with the Chicago & Alton R. R., after forty years of service with them. I have passed the eightieth milestone in life's journey, and expect to enjoy a rest the remainder of my days. Roodhouse thus has the distinction of having the oldest engineer on the Chicago & Alton line as its citizen, but White Hall has the distinction of having as a citizen the man who laid the first railroad track through Roodhouse and White Hall, Lyman C. Wright who celebrated his 84th birthday last month.

Mr. Strunk's railroad career embraces almost every department of railroad operation. He was born at Reading, Penn., April 24, 1840, and at the age of eighteen years became machinist helper in the Pennsylvania Railroad shops at Altoona, Penn., where at that time the late Andrew Carnegie was a train dispatcher for the same road. Mr. Strunk became fireman of a construction train and then engineer. His description of the engines of those days is in marked contrast to the powerful and speedy locomotives of the present day. In 1862 Mr. Strunk came west and began farming in Will county, Illinois, but within two months Lincoln's call came and he enlisted in the 100th Illinois Infantry at Joliet, and was in all the engagements of that regiment when not laid up with wounds or sickness. He was on the 72-day march to Atlanta, and after the battle camped until Sherman marched to sea, when they followed Hood to Nashville, being discharged at Camp Douglas, Chicago, July 1st, 1865.

He then returned to his old home at Reading, Penn., and entered the service of the East Pennsylvania Railroad, performing the various duties of yardmaster, conductor, dispatcher, baggage man, fireman, brakeman, engineer, engine inspector and wrecking boss. His fixed salary was \$75.00 per month, receiving extra compensation when serving as conductor or engineer. In 1868 he came to the Wabash at Lafayette, Indiana, as fireman, and two years later had a collision that resulted in his going to the Mobile & Ohio at Macon, Miss., as conductor and almost immediately assigned to an engine on account of the shortage of engineers. He was with other roads with varied experience until in coming to the Chicago & Alton Jan. 1880, where he has remained continuously in active service until the present time. He is allied with religious, fraternal, patriotic and labor organizations on the principles of improving the conditions and character of his fellow men. He is one of the best known men along the Chicago & Alton, and is one of the grand characters of Green county.

Funeral of H. S. Greer.

The death of Hiram S. Greer, a well known citizen, occurred at 3:45 p. m. Saturday at his home on Centennial street, following an illness of several months. He has been in a critical condition for the past two months. The immediate cause of death was pernicious anemia.

Mr. Greer came to White Hall from Audrian county, Mo., fourteen years ago, and has been engaged in clerical, insurance and real estate work, also serving as town clerk and justice of the peace. He was a general favorite, and was held in high esteem. He was active in Baptist and Masonic circles, and taught a Sunday school class of men for a time, the class becoming disorganized when he gave it up.

Mr. Greer was a native of Missouri, being born in Monroe coun-

ty sixty-five years ago in a family of nine children of Joseph Greer, who located in Audrian county, that state, when Hiram was twelve years of age, and there the children grew up, and there the father died in 1906 and the mother in 1899. Attorney J. F. Greer, a brother, W. T. Greer, resides at Paris, Mo., and a half brother, W. C. Barnard, at Fortia, Texas, these being the only surviving members of the family. The widow and two children, Frank and Ruth, survive. The daughter is deputy circuit clerk in the court house at Carrollton, and Frank is engaged in teaching.

Funeral services were conducted at 2:30 p. m. Monday at the home of Rev. W. H. Johnson of Jacksonville, and the burial was in the White Hall cemetery.

Murder Victim Buried

Funeral services over the remains of William Bowen, who was murdered shortly after noon Sunday at the hands of John Caldwell, were held at the home, the Bowen hotel, at 3:00 p. m. Wednesday, conducted by Rev. A. J. Johnson, and the burial was in the White Hall cemetery. The tragedy has cast a pall over the community, owing to the popular esteem in which the murdered man is held.

Mr. Bowen was a native of Pike county, Ill., born near Barry, 59 years ago last November, and spent his entire life at farming in various parts of Pike county, until coming to White Hall fifteen years ago and engaging in the hotel business. His wife survives, and she is in a rather critical condition as a result of the tragedy. Their three sons are, Cal of White Hall, Cloyd of Hillview, and Virgil of White Hall, besides the daughter, Mrs. Pearl Johnson, who has been separated from her husband, Ross Johnson, about five years, and together with her two daughters has been making her home with her parents. There is also an adopted daughter, Mrs. Harry Johnson, also of White Hall.

BEST SERVICE READY FOR AUTO DRIVERS

White Hall Battery Station Is Modern in Every Way—Prompt Work and Courteous Treatment

White Hall, June 23.—An example of the development of the modern battery station to meet the growing requirements of the automobile traffic is afforded at White Hall in the White Hall Battery Station. During the winter months this concern was organized and assembled by Frank Frech, widely known for his connection with White Hall milling interests in past years, and Isaac Lytle, who has a varied experience as a practical and theoretical electrician, both constructive and engineering.

The need of the battery station is brought about by the demands for recharging batteries in auto traffic, and is in itself a very necessary adjunct to modern traffic demands. The White Hall Battery Station has been instituted to meet all demands in the most acceptable manner. Scientific electrical equipment has been installed that not only makes an accurate test, but determines whether the battery will hold up after being charged or repaired.

The firm has also branched out in the supply business by carrying an extensive line of tires and automobile accessories and electrical supplies. The White Hall Battery Station is located on the east side of Main street in White Hall, being made known to travelers by the regulation sign of the Willard service. It's an inspiration to deal with such a firm which carries only the best goods in its line, and not only this, but the pleasant experience of dealing with such men as Messrs. Frech and Lytle is an added pleasure and inspiration.

Get the White Hall Battery Station firmly fixed in the roster of your memory, and you will go right when in need of the service of a battery station.

Skin Eruptions Cause Constant Torture

Disease Germs Must Be Eliminated From the Blood

When your skin disease reaches its worst stage and the fiery burning causes you to scratch and scratch in an effort to obtain relief, there is many a sleepless night in store for you.

It is nothing more than folly to expect to be cured by the use of local treatment such as ointments, salvas, lotions, etc. Such remedies may afford some temporary relief, but you want more than relief; you want a remedy that will rid you forever of the torturing disorder.

Eczema, tetter, boils, pimples, ulcers, irritations and scalp eruptions, as well as all other forms of skin diseases come from a disor-

dered skin condition of the blood. They must be cured through the blood, and this explains why local treatment fails so absolutely.

The radical and rational treatment is to take a thorough course of S. S. S., the purely vegetable blood remedy, which thoroughly cleanses the blood of every particle of impurity. A few bottles of S. S. S. will rout out the disease germs from your blood, your complexion will begin to clear up and you will soon be rid of the disease as thousands of others have.

Get a bottle at the drug store today, write to our head physician who will gladly give you full medical advice without charge. Address Medical Director, 612 Swift Laboratory, Atlanta, Ga.

GIANTS TAKE CLOSE GAME FROM CUBS

Toney Has Better of Alexander in Pitchers Battle, New York Team Winning by Score of 2 to 1—Other National League Scores.

New York, June 23.—Toney bested Alexander in a pitchers' battle here today, New York defeating Chicago in the second game of the series 2 to 1. After Chicago took the lead in the first of the seventh on a double steal worked by the former Giant stars, Merkle and Herzog, New York batted out two runs in the second half.

Score: Chi. ... 000 000 100—1 9 1. N. Y. ... 000 000 20x—2 7 1. Batteries—Alexander and O'Farrell; Toney and Smith.

PHILLIES BLANK CHAMPS.

Philadelphia shut out Cincinnati today 3 to 0. The visitors made a brief rally in the eighth inning when Wingo was hit by a pitched ball and See who batted for Ring singled, but Meadows tightened.

Score: Phil. ... 000 000 000—0 5 1. Cin. ... 100 002 00x—3 8 1. Batteries—Ring and Wingo; Meadows and Traggesser.

DODGERS DOWN PIRATES.

Brooklyn, June 23.—The Brooklyn Nationals defeated Pittsburgh 5 to 2 here today. The Pirates bunched three hits and a sacrifice off Marquard for two runs in the first inning.

Score: Pitts. ... 200 000 000—2 8 1. Br'lyn. ... 100 121 00x—5 12 1.

Batteries—Carlson, Hamilton and Schmidt; Marquard and Miller.

Cards Lose to Braves. Boston, Mass., June 23.—Doak's wildness in the first inning enabled Boston to pile up four runs against St. Louis and easily won the second game of the series today.

Score: St. Louis ... 010 000 010—2 6 2. Boston ... 401 000 10x—6 7 1. Batteries—Doak, Sherdel, North May, Dillhoefer; Oeschger and Gowdy.

WILL MAKE EXTENDED TRIP THRU THE SOUTH

R. Y. Rowe Will Visit Southern States in Interest of Cloverleaf Company—Expects to be Gone Several Weeks.

R. Y. Rowe, secretary of the Cloverleaf Life and Casualty Co., left the city Tuesday night for an extended trip thru the southern states, in the interest of the company. The company is rapidly growing and developing business throughout the south, and Mr. Rowe, on this trip, will visit the several agencies in Houston, Beaumont, New Orleans, Mobile, Birmingham, Montgomery and Atlanta, also many of the North Carolina cities.

Mr. Rowe goes for the purpose of visiting agencies that are already established, and to make contracts with numerous new agency leads in these states, for both the life and casualty departments.

The prospects of the south during the recent years have made the development of this territory desirable.

Mr. Rowe expects to be gone several weeks.

HOME MADE RECIPE

CATARRH AND COLDS

Nonexpensive—Cut This Out. Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arceine and pour it into a pint bottle, then fill the bottle with water that has been boiled. Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you are not feeling ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you. Seven a day for seven days—Wonderful results.

Facts for Sick Women

Reliable Information

All American women know of the great success of Lydia E. Pinkham's Vegetable Compound in restoring to health women who suffered from ailments peculiar to their sex, yet there are some who are skeptical and do not realize that all that is claimed for it is absolutely true—if they did, our laboratory would not be half large enough to supply the demand, though today it is the largest in the country used for the manufacture of one particular medicine.

The Facts contained in the following two letters should prove of benefit to many women:

Buffalo, N. Y.—"I suffered with organic inflammation and displacement. When lying I had such pain and bearing down that I was not able to stand up, and it hurt me to walk or go up or down stairs. I was going to a doctor without any results and he said the safest thing would be to have an operation. I met a lady who told me she had three operations and that each time until she took Lydia E. Pinkham's Vegetable Compound. I felt relief after taking two bottles of Vegetable Compound and I kept on with it until I was cured. I always use Lydia E. Pinkham's Liver Pills and they are fine. Everything used to turn sour on my stomach and the Liver Pills relieved that."—Mrs. A. ROBERTS, 553 Fargo Avenue, Buffalo, N. Y.

THE HAIL STORM

The hail storm which visited Morgan county Tuesday afternoon was quite local. South of Murfreesboro the storm was heavy and some damage was done to both corn and wheat. County Clerk G. L. Riggs visited his farm in that vicinity Wednesday and found that in a field of corn many leaves had been split off. He believes, however, that the resulting damage will not be great. It seems that the very young plants suffered most and that in fields where the corn has been growing several weeks that no great loss will result.

At the farm of Vernon Baker a field of wheat was badly torn and there is some down grain. In this case too, it is believed that the loss will not be great and that with favorable weather the plants will straighten up and make a satisfactory showing at harvest time.

The hail did some damage in the vicinity of Concord but the downfall was not as heavy there as in the south part of the county.

VISITORS FROM THE SOUTH
Mrs. Warren Gilmer of New Orleans, La., arrived in Jacksonville yesterday for a visit with her sister and brother, Mrs. Edward P. Alexander and Marcus C. Hook. This is the first visit Mrs. Gilmer has made in Jacksonville for a number of years.

JUSTICE COURTS.

P. H. Griggs is leading a strenuous life these days. A few days ago he was arrested on the charge of violating the medical practice act.

His hearing was set for Wednesday in Justice Bayha's court. When the case was heard Mr. Griggs was acquitted. He was again arrested Wednesday afternoon on a similar charge.

The warrant was sworn to by Cassius Eller of the department of registration and education, who also swore to the former warrant. The hearing is set for Wednesday morning, June 30, at 9 o'clock. W. N. Hairgrove represents Mr. Griggs.

Meanwhile the defendant seems to be getting a lot of favorable advertising.

DR. WIDENHAM DIES IN COAST CITY

Former Resident of Jacksonville Passes Away at Hollywood, California—Prominent Here for Long Period.

A telegram was received Wednesday by Felix E. Farrell announcing the death of Dr. John C. Widenham at Hollywood, Cal. Members of the Widenham family have been residents in California for a number of years and it is understood that the funeral service will be held at Hollywood and interment made there.

Dr. Widenham was born in Peoria April 7, 1852, a son of Mr. and Mrs. William Widenham, who were early residents there. After attending the schools of Peoria, Dr. Widenham began the study of dentistry and began to practice in 1871. After a few years he became a resident of this city and opened an office here. Thru the years he built up an extensive practice and became one of the leading citizens of Jacksonville. He was the owner of the building now occupied by Schram & Burman and other tenants.

Dr. Widenham was identified in a large way with the business affairs of the Illinois Telephone Co. He was actively interested in the question of a water supply for Jacksonville and made the city several proposals to furnish the water from wells driven on the land he owned just north of the city. He was at one time member of the board of education and in various ways was prominently identified with the life of Jacksonville. For years he was prominent in State Street Presbyterian church and was a member of the board of trustees. At the time of his death Dr. Widenham was the president of the board of trustees of the Presbyterian church at Hollywood. He was a member of the Redmen and Pythian orders.

On Dec. 25, 1876, the deceased was married to Miss Carrie L. Allen, a daughter of Rev. Robert Allen, who was at that time pastor of a Presbyterian church here. Dr. Widenham was a man of strong character and thru the years came to be known as one of the most respected citizens of Jacksonville. He is survived by his wife, two daughters and two sons: Mrs. J. R. Wint, of Visalia, Cal.; Miss Ruth Widenham and William Widenham of Hollywood, Allen Widenham of San Francisco. Lieut. John Widenham, who was in the air service of the U. S. army, fell to his death during the war time.

INDEES PLAY PARIS CLEANERS NEXT SUNDAY

Strong Springfield Team Will Open First of Three Game Series—Second Game to be Played July 11.

With the Paris Cleaners booked for next Sunday local fans are promised even a better game than that of last Sunday with Myers Brothers.

The Cleaners have a strong lineup and with Dove on the mound are a hard team to beat. Other familiar faces with the team are Fernandes, Watling and Richards. The game Sunday will be the first of a three game series with the Cleaners. The second game will be played July 11, July 3, 4, and 5 the Indies will battle with the Pekin Rainbows. This team has an unbroken record of victories so far. They will fight hard to keep it clean while the locals will fight just as hard to put the game on their side of the ledger.

Patronage has not been up to the standard so far. Manager Smith says if it does not increase that the team will be compelled to book games away from home. Many cities, including Decatur, Quincy, Hannibal, Danville and Rushville want games with the Indies.
